Objective

As a highly motivated software developer with 3+ years of experience, I have a strong background in computer science and a passion for solving complex problems. I am proficient in a variety of programming languages, including Python, JavaScript and C++. I am skilled at quickly learning new technologies and adapting to new environments. I am seeking a challenging software development role that allows me to utilize my skills and continue growing as a developer. With my expertise and experience, I am confident in my ability to make a valuable contribution to any team.

Work Experience

GreyB Research Pvt. Ltd.

Mohali, India

SOFTWARE DEVELOPER

Jun. 2020 - PRESENT

- Managing full stack programming tasks for the development of a high-profile progressive web app, utilizing CRUD, PostgreSQL, JavaScript, and Django.
- Design and configuration of the fully automated CI/CD life cycle for the high-volume online service decreasing time-to-market cycle and improving deployments confidentiality.
- Implementing Test-Driven Development (TDD) principles to catch potential issues early, resulting in high-quality code with fewer errors and faster delivery times.
- Using Data-Driven Development (DDD) principles, I am creating software that aligns with end-user needs by analyzing data from multiple sources. This approach enables me to deliver high-quality, data-driven solutions that provide real value to the business.

Flick2Know Technologies Pvt. Ltd.

Gurgaon, India

SOFTWARE ENGINEER

May 2019 - Jul. 2019

- Enhanced website performance by optimizing HTML, JavaScript, and CSS code to achieve faster loading and browsing speeds.
- Improved application functionality by addressing bugs and optimizing performance and reliability.
- Successfully resolved technical issues with a customer-facing portal, resulting in improved overall system performance and scalability.

Technical Skills

General	Data Structure and Algorithms, OOPs, Git, Salesforce
Programming	C/C++, JavaScript, Python
DevOps	Apache HTTP Server, Selenium, Docker, CI/CD
Web Frameworks	Django, Node.js, Flask, FastAPI, Vue.js, Laravel
Database	PostgreSQL, MySQL, MongoDB

Education

Indian Institute of Information Technology, Una

Himachal Pradesh, India

B.TECH. IN COMPUTER SCIENCE AND ENGINEERING

Jul. 2016 - May 2020

CGPI - 8.17/10.00

Projects

WeAsk

Q & A SOCIAL PLATFORM

- Created a Q&A progressive web app that enhances student-senior connections through innovative and user-friendly software development.
- **Technology/Tools:** Node.js, Express.js, MongoDB, HTML, CSS

NoteApp

NOTE TAKING WEB APP

- Developed a secure and user-friendly web app with login, activity monitoring, note-taking and seamless user registration.
- **Technology/Tools:** Flask, SQLite3, HTML, CSS

Extracurricular Activity

Hobbies include reading technical articles and building things based on it.

Interests in playing chess and solving puzzles.
